

### 3.3.1.2 Current Collaboration with health institutions(National): year 2024

List of current collaborations with National health institutions to improve the health and well-being outcomes. These institutions help us to deliver outreach program and projects in local communities with student volunteering programs to improve or promote health and wellbeing including hygiene, nutrition, family planning, sports, exercise, gaining well, psychological counselling and other health and well-being related programs. This also included the programs for the local, faculties, all the students and for the displaced or refugee communities local to the institution.
