

"GD Goenka University is committed to educating graduates with appropriate competencies to engage in a competitive, globalised and diverse work and social environment. The university has created a vibrant, scholarly and socio-cultural ambience that matches what is available in top-tier higher education institutions in the world. We are committed to achieving excellence in

teaching-learning and research, fostering cultural, social, economic and gender diversity, providing pathways for students to engage with more than 20 global higher education institutions through summer school, study abroad and articulation arrangements, training and developing students' analytical, critical review and team-engagement skills, enabling student competencies to apply theory to practice, and fostering ethical and moral values that are based on rigorous academic practices."

- Nipun Goenka, Managing Director, GD Goenka Group

About Us

GD Goenka University was established by GD Goenka Group, under the guidance of Shri Anjan Kumar Goenka, a successful businessman and industrialist. The university draws from the innovative pedagogical practices adopted by leading education institutions of the world to offer students a holistic learning experience and drive learning outcomes. The institution's contemporary physical infrastructure, stringent quality standards in recruitment and engaging partnerships with industry experts have created a thriving education ecosystem that fosters character-building and allows students to develop the ability to work and engage in a globalised and diverse social, cultural and work environment. The university offers over 100 programmes across 12 discipline clusters at UG, PG and Doctoral levels, and has over 200 highly qualified and experienced full time academic staff with expertise in contemporary teaching-learning practices. The faculty at GD Goenka University integrates extra-curricular and co-curricular activities to provide outside-the-classroom learning.
