

AGREEMENT

This Agreement (the "Agreement") made on 23/3/24, by and between:

GD Goenka University (hereinafter referred to as "**GDGU**"), located at GD Goenka Education City, Sohna Road, Gurgaon-122103, Haryana, India of the **FIRST PART**;

AND

Dayal Eye Center (hereinafter referred to as "**DEC**"), located 808 B, Galaxy Road, Sector 15, Part 2, Near 32nd Avenue, Gurgaon, Haryana 122001 of the **SECOND PART**.

GDGU and DEC shall be hereinafter collectively referred to as "**Parties**" and individually as a "**Party**".

WHEREAS:

- A. GDGU is a private university established by **GD Goenka University**, Connaught Place, New Delhi-110001 (company limited by shares not for profit) with a vision to become an internationally recognized institutional of higher learning through inclusive, innovative and value-based education & research preparing socially responsible citizens.
- B. Dayal Eye Centre is a pioneer in ophthalmology with contemporary world class technology and experience of over 120,000 surgeries. With a team of experienced surgeons and specialists, they offer modern eye care and optimum treatment.
- C. GDGU and DEC have the common objective of developing well-trained and high quality human resources in Optometry sector and accordingly desire to collaborate for purpose of offering **internship programs to the students of GDGU** on such terms and conditions as set out in this Agreement.

NOW, THIS AGREEMENT WITNESSETH AND IT IS HEREBY AGREED BY AND BETWEEN THE PARTIES HERETO AS FOLLOWS:

1. B.Optomtry 4th Year Internship and M.Optomtry Internship and Research

- 1.1 GDGU shall send final year (4th year) students of Bachelor of Optometry program for 1-year internship to DEC.
- 1.2 GDGU will send M.Optomtry students on 6-months general and speciality clinical rotation.
- 1.3 GDGU students during the time of their internship shall be involved in screening camps as and when required.
- 1.4 GDGU students will be assessed internally once between a semester (twice a year), and externally at the end of semester (twice a year) at GDGU, and GDGU will inform DEC in advance to grant them leave during those periods.
- 1.5 Interns will get opportunities to be involved in research projects, under the supervision of research and clinical faculty from GDGU and DEC. Any intellectual property produced during this process will be shared by both parties, in terms of authorship and patent ownership, in accordance with their individual contributions.
