## OVERVIEW

A Faculty Development Program (FDP) on "Integrating Numbers and Narratives: A Mixed Method Research in Nursing focuses on equipping nursing educators and researchers with skills to combine quantitative data (numbers) and qualitative insights (narratives) for holistic evidence-based practice. It emphasizes methodological integration, philosophical foundations, and practical applications in nursing research.

## ABOUT THE GD GOENKA UNIVERSITY

GD Goenka University promotes world-class research and innovation while setting national benchmarks not only in academics and infrastructure, but also in people-centric healthcare. Its transformative healthcare vision focuses on building an integrated, inclusive, and innovative health ecosystem that delivers quality care to society at every stage of life and level of need

## ABOUT THE DEPARTMENT OF NURSING

Nursing is a noble profession that blends science, technology, and compassion to promote health, prevent illness, and provide holistic care to individuals, families, and communities. It is not limited to hospitals alone but extends to schools, research centers, community health programs, and policy-making bodies, making nurses vital contributors to society's well-being. At GD Goenka University, the Department of Nursing, established in 2024, offers a modern, technology-rich learning environment with advanced skill laboratories and a digital library of over 2,000 e-journals. The department emphasizes evidence-based practice, ethical values, and cultural sensitivity, preparing students for diverse roles in clinical practice, teaching, research, and leadership. By combining academic excellence with practical training, the department nurtures future nurses to be empathetic caregivers, skilled professionals, and innovators who uphold dignity, safety, and reliability in healthcare.

## KEY HIGHLIGHTS

- Clear explanation of qualitative (narratives) and quantitative (numbers) approaches and the Importance of combining both to capture the complex realities of nursing practice.
- Overview of convergent, explanatory, and exploratory designs in mixed methods and Guidance on sampling strategies for qualitative and quantitative components along with Practical steps for data collection, integration, and analysis.
- Bridging the gap between evidence-based practice and human experience.
- Tips for presenting integrated findings in research papers and conferences.
- Balancing rigor with compassion in nursing research.
- Building capacity for publication in high-impact journals.

## WHY ATTEND?

- Learn how to effectively integrate qualitative narratives with quantitative data to strengthen nursing research.
- Acquire practical knowledge on designing, conducting, and analyzing mixed method studies tailored to nursing practice.
- Understand how combining patient stories with statistical evidence leads to more holistic and impactful findings.
- Experience interactive sessions on proposal writing, data integration, and use of research tools/software

## PROGRAM SCHEDULE

S.No	Resource Person	Topic	Date of Presentation
1.	Prof. (Dr) Virendra Singh Choudhary Principal, Smt. Vidyawati College of Nursing, Jhansi.	Foundations of Mixed Methods Research	13th April 2026
2.	Prof. (Dr.) Neetu Bhadouria Principal, Government Institute of Medical Sciences, Greater Nodia.	Designing Mixed Methods Research Studies	14th April 2026
3.	Dr. Geeta Chaudhary Vice-Principal, Smt. Vidyawati College of Nursing, Jhansi	Data Collection Strategies in Mixed Methods Research	15th April 2026
4.	Dr. Periadurachi Kumar Professor, G.H.Patel School of Nursing, Bhaikaka University.	Data Analysis and Integration of Findings	16th April 2026
5.	Prof.(Dr.) Lovesampuranjot Kaur Principal, Desh Bhagat University, Mandi Gobindgarh.	Publication Ethics	17th April 2026

## ORGANISING COMMITTEE

**CHAIRPERSON**

**Prof. (Dr.) Dinesh Shenoy**  
Vice Chancellor,  
GD Goenka University

**CONVENOR**

**Prof. (Dr.) Dharendra Singh Parihar**  
Pro-Vice Chancellor -  
Administration &  
Registrar

**CO-CONVENOR**

**Prof. (Dr.) Anu Gauba**  
Principal, Department of  
Nursing,  
GD Goenka University

## TEAM MEMBERS

**Ms. Manjari**  
Associate Professor  
GD Goenka University

**Ms. Pooja**  
Assistant Professor  
GD Goenka University

**Ms. Chanda**  
Nursing Tutor  
GD Goenka University

**Ms. Gauri**  
Nursing Tutor  
GD Goenka University

## EMINENT SPEAKERS

**Prof. (Dr) Virendra Singh Choudhary**  
Principal,  
Smt. Vidyawati  
College of Nursing,  
Jhansi

**Dr. Geeta Chaudhary**  
Vice-Principal,  
Smt. Vidyawati  
College of Nursing,  
Jhansi

**Prof.(Dr.) Lovesampuranjot Kaur**  
Principal,  
Desh Bhagat  
University, Mandi  
Gobindgarh

**Prof. (Dr.) Periadurachi Kumar**  
Professor  
Shri G.H. Patel  
school of Nursing,  
Bhaikaka university,  
Gujarat

**Dr. Neetu Bhadouria**  
Principal  
Government Institute  
of Medical  
Sciences  
(GIMS), Greater Noida
