

8th GDGU ICON 2026

International Conference

25-27 February 2026

Sustainable Knowledge Economy: Trends, Innovations & Best Practices

About the Conference

The International Conference on Sustainable Knowledge Economy brings together scholars, policymakers, industry leaders, and educators to explore sustainability, innovation, and ethical management in a rapidly evolving knowledge economy. The conference focuses on sustainable economic models, green and digital innovation, ESG integration, and the role of higher education in policy and societal transformation aligned with the UN SDGs. It serves as a global platform to share best practices, foster collaboration, and position universities as key catalysts for innovation, resilience, and inclusive development.
