

About Author

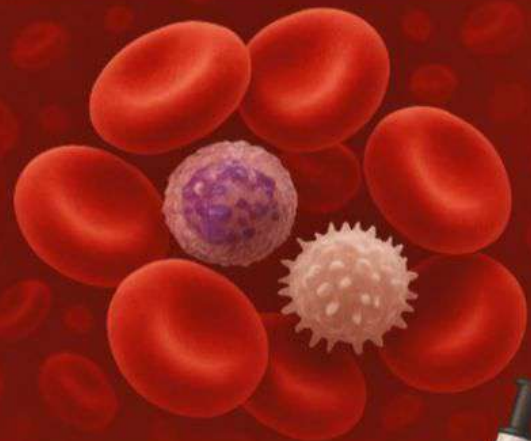

Ms. Diksha Dubey is currently working as a Lecturer in the Department of Medical Laboratory Sciences at G.D. Goenka University, Gurugram. She completed her Bachelor's degree in Medical Laboratory Technology from Galgotias University, where she developed a strong foundation in diagnostic sciences and laboratory practices. Owing to her academic excellence, she was awarded a scholarship at G.D. Goenka University, enabling her to pursue a Master's degree in Medical Microbiology from the same institution. She is presently pursuing her Ph.D. in Microbiology, with research interests focused on advanced microbial diagnostics and applied microbiology. In addition to her academic and teaching contributions, she has also demonstrated innovation in her field, having published two patents recently.
